

# Curriculum Statement - Breadth

**At Church Eaton Primary school we carefully design, plan and implement a curriculum which provides breadth for every pupil:**

At Church Eaton Primary school careful analysis and discussion about our pupils' backgrounds, life experiences and culture. Due to our high proportion of British white pupils, we chose to focus in on ethnic minorities to enable children to experience and learn from different cultures that they may not encounter in their everyday lives. This has helped us to design a curriculum with three key priorities underpinning every subject area. We believe that by focusing on the following key priorities our children will be ready to successfully meet the challenges of the next stage of their education and their lives.

*Our curriculum priorities are:*

1. **Community** - we aim to provide experiences within our local and wider community which show our children the importance of community cohesion.
2. **Environment** - we aim to provide experiences which help our pupils value their environment and understand their responsibilities towards sustaining their local and global environment.
3. **Self-Sufficiency** - we aim to offer experiences which help them to become independent and resourceful learners.

We have designed and planned our curriculum to offer a range of experiences which contribute to every child receiving a full and rich curriculum. The range of experiences we offer support and champion our culture and ensures that our children benefit from a full range of academic, spiritual, moral, social and cultural activities. These activities enrich their lives and those of our whole school community and make them proud of their British values and diverse society to which belong and play an active part. We are proud that our curriculum gives our children the skills, confidence and self-belief to lead a happy and fulfilled life by encouraging them to aim high and work towards their goals and dreams in life.
